At Lympstone Primary school, we believe all children should have the opportunity to learn a different language. Following a program of study starting in Year 3 children have weekly lessons which build their knowledge from naming simple nouns to being able to write in simple sentences in French or Spanish. The children have opportunity to hear, sing and learn phrases and learn to build conversations growing in confidence as they progress through the school. They learn through the four strands in the curriculum: speaking, listening, reading and writing. We follow the progression in grammar and content through the Grammarsaurus scheme of learning. We also share with the children some of the culture and way of life in France and Spain and French and Spanish speaking places.
